Policy Agenda for APNIC 42

- 28 September – 5 October
 - Colombo, Sri Lanka
- Policy SIG on 4th and 5th October
 - 1 Policy Proposal
 - APNIC Whois Database Accuracy
 - SIG Chair Election procedure review

Prop-116: Prohibit transfer of IPv4 addresses from the Final /8 block

Aims:

- This proposal helps to ensure the distribution of the 'Final /8' (103/8) block is consistent with its original purpose, for distribution to new entrants to the industry.

Proposal:

- Prohibit transfer of all IPv4 addresses under the Final /8 address block (103/8). If the address block is no longer needed, it must be returned to the APNIC recovered address pool.
- This proposal does not prohibit M&A transfers of 103/8 block.

Status:

- Under discussion on mailing list and at APNIC 42

Ongoing Community Discussion: whois data accuracy

- An ongoing community discussion about whois accuracy
 - Policy SIG Meeting at APNIC 41
 - Overview and background
 - <https://www.apnic.net/policy-sig/whois-data-quality>
